Dear Sir:

In response to the Examiner's office action dated November 30, 2006, Applicants provisionally elect to prosecute species 3, exemplified in Figs. 4(a) and 4(b) and described by claim 20. Applicants submit that claims 1, 29 and 34 are generic to the elected species.

The requirement for election of species is traversed, and reconsideration is respectfully requested. It is felt that a search of the classes appropriate to the elected species would include the Patent Office classes in which the non-elected species would be searched.

It is respectfully urged that the claims now pending before the Examiner are in condition for allowance. A notification of allowability is respectfully solicited.

Respectfully submitted,
